Westshore Community Foundation, Endow Manitoba and Manitoba 150 Grants

Manitoba 150 Grant Application Form

Rationale

In the year 2020, Manitoba is celebrating its 150th anniversary, with a multitude of activities coordinated by the Manitoba 150 Host Committee.

One such activity is partnering with Manitoba's 55 community foundations to provide grant-matching funds through the Build 150 program, leaving a legacy of the Province's 150th celebrations. This matching grant program will be coordinated by Endow Manitoba.

Build 150 will match monies contributed by the community foundation for selected community projects at a 1:1 ratio. Westshore Community Foundation will be eligible to receive up to: \$20,000. Therefore, this partnership will afford Westshore Community Foundation the opportunity to receive applications for the Build 150 program up to a total of \$40,000.

Build 150 Grant Guidelines

Build 150 grants are to be used on one or more projects in our community foundation's area of operation. Special consideration will be made for projects that will have a lasting presence in the community and will have an impact on the largest number of residents and projects selected should be as inclusive as possible.

Some examples of projects that could be eligible for a Build 150 grant include:

- Amenities for a public space (park bench, bike racks, public art, etc.)
- Equipment for a community space (community centre, medical facility, etc.)
- Revitalization of something with historical significance (statue, building, etc.)

United in celebration
Unis dans la fête

The funded project must be carried out by a Canadian “qualified donee”. Examples include:

- Registered charities;
- Rural municipality, city and/or town;
- Church or religious institution (so long as they are a registered charity and the project broadly benefits the community not just the congregation and is not for religious purposes);
- A registered Canadian amateur athletic association.

Timelines:

- Applications for the Build 150 program will be accepted between ***February 15, 2020 and the March 15, 2020.***
- Build 150 funds will be distributed to the community foundation after the receipt of the project(s) summary.
- Projects may start any time after the project(s) summary is submitted and the transfer of funds has been initiated.
- Public announcement of projects to take place in or about May 2020, on a date selected in conjunction with Manitoba 150 Host Committee
- Projects must be completed by December 31, 2020

Recognition

Public recognition is to be given to the Manitoba 150 Host Committee for funding of the project(s). All recognition is to be done at the expense of Westshore Community Foundation.
