

FIRST DESIGNATED FUND
THE VERNA PALMER MEMORIAL FUND

In 2004 a highly respected member of our community, Verna Palmer, passed away. Verna although legally blind had spend several years assisting two local charities with her knitting and quilting skills. Her family approached the foundation to see if there was a way to continue to support these charities in perpetuity. This led to the foundations first designated fund being established. With the support of the family and friends the Verna Palmer Memorial Fund has grown to over \$10,000,00.

Through this fund the interest earned each year will go to her two chosen charities, building a lasting legacy. A designated fund is a way to ensure that your chosen charities have the funds to continue doing their good work long after you are gone, **“Providing a lasting legacy”**

THE VERNA PALMER MEMORIAL FUND
