

ANNOUNCING the creation of a new endowment fund:

THE WESTSHORE INTERLAKE-EASTERN HEALTHCARE FUND

This endowment is a co-operative initiative of the Westshore Community Foundation and the Interlake-Eastern Regional Health Authority (IERHA) using \$51,557. raised within the former health corporation known as the Johnson Memorial Hospital District.

The purpose of the new Fund will be to promote healthcare and to address identified health needs within the geographical area of the former Johnson Memorial Hospital District, the same area now served by the Westshore Community Foundation. .Initially it is planned that the IERHA will identify worthy individuals from this area enrolled or to be enrolled in healthcare related courses of a post-secondary nature that would be worthy of bursary support from this Fund. If a suitable candidate is not available in any given year another worthy healthcare project within the Johnson Memorial Hospital District will be identified and supported.

This Fund is open to further contributions from other donors interested in supporting healthcare within our community.
