

FUND RAISING

Since inception in 1999, the Westshore Community Foundation Inc. has been able to place 100% of donated funds in an endowment fund, where the capital remains intact and only the growth or interest is used for grants.

This means that administration costs for financial audits, office costs, stationary, postage, memorial cards etc. have to be raised separately.

Our main fund raiser over the last eight years has been our annual golf tournament. The main sponsor of this event, Lakeview Resort and Conference Centre remains a very enthusiastic supporter of this endeavor.

We have recently created an Administration Endowment Fund which anyone may donate to. The proceeds of this fund will help to cover administration costs in perpetuity.
